A grandson of "Cruggleton Perfect" out of probably as good a cow as we could hope to own. He has never had a nurse cow and was never pushed for show and sale. Don't let this bull get away if you need a horned prospect. Vaccinated. Herd T. B. and Bangs Accredited.

COMMANDER-IN-CHIEF X

Has a brilliant modern record of siring prize-winners and top sellers in the herds of C. B. Teegardin & Sons of Ashville, Ohio, and Sporting Field Farm, Capon Bridge, West Virginia. Sixth Annual Sale

In this Sixth Annual Pennsylvania Shorthorn Breeders' Association Sale, you will find a group of cattle far better than anything that has been offered heretofore. Each of these established breeders has dug deep in their herds to bring you this superb offering.

Twelve bulls are catalogued. Seven of them are horned bulls, and five of them are polled bulls. This affords a buying opportunity of quality bulls, of your choice by outstanding sires to help you raise better cattle on your farms either commercial or purebred, for Shorthorns are recognized as the greatest grass to beef, to profit makers.

The female consignment is especially attractive. Twenty-five of the females are horned while thirteen are polled. A good sale and buying combination for those of either choice.

Six young cows with calves at foot will sell, and two more of these good cows will calve soon after sale time. There are nineteen bred heifers selling bred to the breed's best bulls, with seven of these bred heifers coming from the late P. B. Rice herd of Harrisburg. As a special attraction, eleven beautifully bred open heifers are being offered.

This is a sale you can attend. There will be bargains.

Typical Shorthorn cows in their natural habitat producing 24 hours a day without time clocks or supervision. Cows such as these can be purchased in this sale.

Calves such as the above look good in any breeder's paddock. By using herd proven sires and females as are offered in this sale you can produce yearly calf crops such as you see pictured above.

STANDARD GUARANTEE

of

American Shorthorn Breeders' Association

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such cases is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's Disease of the state or country into which they may be shipped.

6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

The above guarantee and terms shall constitute a contract between consignor and buyer of each lot. Neither the Pennsylvania Breeders, the Sale Manager, nor the clerk of the sale assumes any liability, legal or otherwise.
